Should the Buyer disagree to any terms contained therein the Buyer is under an obligation to object to the terms of the Bunker Confirmation immediately and in no event later than 3 hours after circulation of the Bunker Confirmation. The Bunker Confirmation shall incorporate the Standard Terms by reference and the Bunker Confirmation and the Standard Terms together constitute the complete Contract. The Contract shall exclude, supersede and replace any other terms or contracts which the Buyer may seek to enforce against the Seller. If the Seller for whatever reason fails to issue or send a Bunker Confirmation to the Buyer these Standard Terms shall govern the sale nonetheless and a Contract shall be formed when the Seller indicates an intention to supply, or supplies, Bunker Fuel.

ARTICLE 2 PRICE

2.1 The Buyer shall pay the price for the Bunker Fuel in accordance with the terms of the Contract.

2.2 Buyer shall be responsible for and pay and/or indemnify the Seller for any additional expenses or costs such as barging, demurrage, wharfage, port dues, fees and any other costs, including, without

limitation, those imposed by governmental authorities. Seller reserves the right, upon notification to Buyer, to adjust the Price after the date of the Bunker Confirmation to reflect any increase in costs to Seller not included in the Bunker Confirmation if necessary by raising an additional or revised invoice.

ARTICLE 3 NOMINATION AND DELIVERIES

- 3.1** Any Agent, whether disclosed or undisclosed, acting for the Buyer in concluding a Contract shall (i) be jointly and severally liable with the Buyer for the proper performance of all the obligations of the Buyer under this Contract as if acting as a principal; and/or (ii) guarantee the Buyer's obligations under the Contract.
- 3.2** All orders of Bunker Fuel are considered to be emanating from and approved by the Master of the Vessel, even if relayed by the Buyer to the Seller and even if no written request from the Master of the Vessel exists.
- 3.3** **The Buyer shall make the Vessel available for delivery within the agreed delivery period set out in the Bunker Confirmation.** Unless otherwise agreed Buyer will give Seller and Seller's local representative at least 72 hours prior written notice of arrival, specifying the Vessel's time of arrival with a margin of +/- 6 hours always within the agreed delivery window as set out in the Bunker Confirmation and method of delivery of Bunker Fuel. Buyer shall re-confirm the estimated time of arrival by providing 48 hours written notice to the Buyer narrowing the Vessel's time of arrival by specifying Vessel's time of arrival with a margin of +/- 2 hours within the narrowed down delivery period. Buyer shall reconfirm the arrival time by providing 24 hour written notice. If the Vessel arrives outside the agreed delivery period set out in the Bunker Confirmation or later than 2 hours from the specified time of arrival all supplies will be made on a reasonable endeavour basis and subject to adjustment for price increases and/or additional costs incurred.
- 3.4** The time of delivery specified by the Seller is an approximate time and the Seller shall commence delivery of the Bunker Fuel within the agreed delivery period set out in the Bunker Confirmation and no guarantee of the time or rate of delivery is given. Where delivery is required outside normal working hours and is permitted by applicable regulations, Buyer will pay all overtime and extra expenses incurred.
- 3.5** Buyer will make all connections and disconnections of the delivery hose and will render all other necessary assistance and equipment to receive delivery. The Buyer shall ensure that the Vessel provides a free, safe and always accessible side for the delivery of bunkers and that all necessary assistance as required by the Seller or the Seller's representative is rendered in connection with the delivery. For safety reasons it is solely the master of the supply barge that determines whether mooring alongside the Vessel is safe, taking weather, swell and forecasts into decision. If clear and safe berth is unavailable, delivery may be delayed or cancelled by the Seller and all costs incurred will be for the Buyer's account.
- 3.6** In the event that the supply is made in a ship-to-ship transfer, any damage caused by contact, collision, swell or any other weather or sea related condition or the negligence or navigation of the supply vessel shall be dealt with by the Buyer directly with the owners of the supply vessel. The Seller shall not be held liable for any such damages and the Buyer shall indemnify the Seller against any claims arising out of such incident.
- 3.7** Where lightering/barging is employed, lightering/barging charges shall be for the account of Buyer. If Buyer fails to take delivery, in whole or in part, of the quantities nominated, Buyer shall be responsible for any costs resulting from Buyer's failure to take full delivery, as well as for any losses incurred by Seller to downgrade and/or pump back of the fuel.
- 3.8** Buyer will be liable for all demurrage or additional expenses incurred by Seller if Buyer causes delay to the supply of Bunker Fuel. Buyer will also pay for mooring, unmooring and port dues incurred. In addition Buyer will be liable for any expenses incurred by Seller resulting from Buyer's failure to take delivery of the full quantity of Bunker Fuels agreed to by Buyer including but not limited to any loss on the resale of the Bunker Fuels and the Buyer shall bear the risk of the return transport, demurrage on the barge or trucks, storage or selling of the Bunker Fuels.
- 3.9** Buyer shall indemnify and hold harmless Seller against all damage and liabilities arising from any acts or omissions of Buyer or its servants, ship's officers or crew in connection with the delivery of the fuel under this Contract.
- 3.10** If Buyer cancels the nomination for any reason whatsoever the Buyer shall be liable to the Seller for any and all direct or indirect or consequential losses incurred by the Seller resulting from such purported cancellation, termination or failure, including but not limited to: a. any charges and expenses levied by a third party; b. any difference in price between the sales price and the market price at the delivery location; c. losses, costs and damages associated with the cancellation; d. costs of selling any undelivered Bunker Fuel; e. additional operational expenses such as pump-back fees, inspection charges and storage; and f. demurrage, such sums to be paid immediately upon demand.

- 3.11** Seller will not be liable for any costs or losses incurred by Buyer as a result of any delay in delivery regardless of cause, including but not limited to delay due to (a) congestion affecting the physical supplier of Bunker Fuel at the delivery facilities, (b) prior commitments of available barges, (c) local customs, pilots, port or other authorities or (d) to any other cause of delay in delivery.

ARTICLE 4 QUALITY

- 4.1** Buyer shall have the sole responsibility for the selection of the proper grades of Bunker Fuels for use in the Vessel and the Seller shall not be under any obligation to check whether the grade of Bunker Fuels is suitable for the Vessel. The Bunker Fuels shall be of the same quality generally offered for sale at the time and place of delivery, for the grade of Bunker Fuels ordered by the Buyer. Any express or implied warranties, including the warranties of merchantability, durability, suitability, stability, compatibility or fitness for a particular purpose, by common law, statute, or otherwise are expressly excluded and disclaimed.
- 4.2** Buyer at its own expense has the right to have its representatives present to inspect the Bunker Fuel to be delivered hereunder before it is pumped aboard the Vessel being supplied. Any such inspection must not delay delivery and must take place in the presence of a representative of the Seller.
- 4.3** The Buyer shall be responsible to keep the delivered Bunker Fuel segregated from any Bunker Fuel(s) onboard the Vessel or from a different delivery to the Vessel. In no event shall the Seller be responsible for the quality and compatibility of the Bunker Fuel delivered if the Seller's product is mixed or comingled with any other product(s) onboard the receiving Vessel. The Buyer shall be solely responsible for any losses caused by mixing or comingling the Bunker Fuel with any other oil, including any damage the Bunker Fuel may cause on other products on board the receiving Vessel.
- 4.4** Where the Buyer nominates Bunker Fuel above the sulphur limits set out in MARPOL Annex VI, the Buyer shall be fully responsible for, and on the Seller's request provide confirmation in writing, that the Vessel has working Abatement Technology (as defined in MARPOL Annex VI) installed in compliance with MARPOL Annex VI or must include a copy of a valid Fuel Oil Non-Availability Report (FONAR) and the relevant authorisation granted to the Vessel for that specific delivery of Bunker Fuel. The Buyer shall indemnify the Seller of all cost or losses incurred as a result of Seller's breach of this Article 4.4.

ARTICLE 5 QUANTITY

- 5.1** The quantity of Bunker Fuel delivered shall be determined from gauges/ullages of the barge or truck effecting delivery or by gauging/ullages of shore tank if delivery is by pipeline and these soundings or measurements shall be conclusive evidence of the quantities delivered and shall be recorded in the bunker delivery note which the Buyer shall be invited to counter-sign. Buyer has the right to have its representatives present during measurements, but determination of quantity shall be made solely by Seller. Should the Buyer's representative fail or decline to verify the quantities, the measurements of quantities made by the physical supplier and recorded in the bunker delivery note, the recordings of Bunker Fuel shall be conclusive and the Buyer shall in such case have waived any claims with respect to variance. The quantity of Bunker Fuel delivered shall be the quantity specified in the Bunker Confirmation with a tolerance at Seller's option of +/- 5 % of the quantity specified.

ARTICLE 6 SAMPLING

- 6.1** The Seller or its representatives shall arrange for samples to be drawn at the time of delivery of the Bunker Fuel. Unless otherwise agreed between the Seller and Buyer prior to entering into the Contract, the samples shall be drawn from a point and in a manner chosen by the Seller or its representatives in accordance with the customary sampling procedures at the port or place of delivery of the Bunker Fuel.
- 6.2** The sampling mentioned in paragraph 6.1 shall be performed in the presence of the Seller or its representatives and the Buyer or its representatives, but the absence of the Buyer or its representatives during all or any part of the sampling process shall not prejudice the validity of the samples.
- 6.3** On completion of sampling, all samples drawn by the Seller or its representatives are to be sealed, labelled and signed by both Seller or its representatives and Buyer or its representatives and their numbers stated on the bunker delivery note. Two samples shall be retained by the Buyer or its representatives, one of these shall be the MARPOL compliant sample. The remaining samples shall be retained by the Seller or its representatives.
- 6.4** In the event of a dispute concerning the quality of the Bunker Fuel, one, and only one, of the samples retained by the Seller with a seal number reflected on the bunker delivery note, shall be forwarded for testing to an independent laboratory mutually appointed by the Buyer and Seller. The results of the

analysis of the sample shall be conclusive to determine the quality of the Bunker Fuel supplied. Analysis results of the Seller's or its representative's drawn samples will be the sole binding evidence for the quality of the Bunker Fuel supplied to the Vessel. Where standard specifications are being given or referred to, tolerances in accordance with ISO 4259 in respect of reproducibility or repeatability in quality are to be accepted without compensation or consequences whatsoever.

- 6.5** If the Buyer's complaint concerning the quality of the Bunker Fuel is based on the presence of substances which are not part of the quality specifications set out in Table 1 or Table 2 of ISO 8217, the Buyer shall show that the substances in question without a reasonable doubt jeopardize the safety of the Vessel or adversely affect the performance of the machinery.
- 6.6** No samples drawn by the Buyer's personnel or samples subsequently taken shall be allowed as evidence of the quality of the Bunker Fuel. If any seals have been removed or tampered with by an unauthorised person, such samples shall be deemed to have no value as evidence.
- 6.7** If the Seller and the Buyer cannot agree on an independent laboratory to perform mutual analysis or if the Buyer fails to reply to the Seller's notice hereof within 7 days from receipt of such notice, the Seller can at its sole discretion decide which laboratory to perform the analysis, which shall be final and binding for all parties involved.

ARTICLE 7 RISK AND TITLE

- 7.1** Risk in the Bunker Fuel, including loss, damage, deterioration, evaporation, or any other condition or incidents related thereto shall pass to the Buyer as the Bunker Fuel passes the fixed bunker connections on the delivering vessel or truck. The buyer warrants that representatives from the Vessel shall be responsible for ensuring that the Bunker Fuel is received in a safe way.
- 7.2** Title in the Bunker Fuel shall remain with the Seller until the Buyer has paid for the Bunker Fuel in full. Until that time, the Buyer shall hold the Bunker Fuel as bailee, store it in such a way that it can be identified as the Seller's property and keep it separate from Buyer's own property and the property of any other person. In the event that the Buyer fails to make payment in accordance with Article 8, the Seller has the right to demand immediate return of the Bunker Fuel and any party other than the Buyer who consumes the Bunker Fuel shall be liable to the Seller in conversion.

ARTICLE 8 PAYMENT

- 8.1** Payment shall unless otherwise agreed be made in United States Dollars by bank transfer in full without any set-off, counterclaim, deduction and/or discount free of bank charges to the bank account identified by the Seller in the invoice. Payment shall be deemed to have been made on the date the payment is credited to the Seller's bank account.
- 8.2** If not otherwise specifically agreed between Buyer and Seller at time of ordering, the price is only valid for delivery performed to the Vessel on the agreed and confirmed delivery date(s). Should the date(s) of delivery for any reason change, the Seller is entitled to change the price.
- 8.3** The Seller shall be entitled, at its sole discretion, and regardless of any stated allocation by the Buyer, to decide how to allocate any payment from or on behalf of a Buyer to any sums due to the Seller, including, but not limited to, interest charges, legal fees and other charges. The Buyer shall indemnify the Seller against any loss which is caused by adverse currency fluctuations between the invoice currency and the value of the US Dollar from the latest due date of the invoice until the date on which payment is made.
- 8.4** Unless a longer or shorter period is set out in the Bunker Confirmation, payment is to be received by Seller within a period of 30 days from the date of delivery. Any delay in payment of the full sum shall entitle Seller to interest at the rate of three percent (3%) per month and the interest shall be compounded monthly for each month, or part thereof, unless the parties have agreed to any other specific interest rate as set out in the Bunker Confirmation. In the event that the interest rate herein exceeds that permitted by the applicable law, it shall be substituted by the maximum rate so permitted.
- 8.5** If payment is withheld or set off by the Buyer, partly or in full, due to alleged short delivery, quality dispute or any other reason whatsoever or if any sum due pursuant to any Contract is not paid within the agreed time, the Buyer shall pay, in addition to the outstanding amount and any interest that accrues until the due date, compensation equivalent to 20% of the unpaid sum.
- 8.6** The granting of credit is in the Seller's discretion and the Seller may withdraw credit at any time and demand immediate payment if the Seller has reason to alter its assessment of the credit risk. Withdrawal of credit shall be by written notice, and Seller need not provide reasons. Where the Seller withdraws credit before delivery of Bunker Fuel then the Seller may withhold delivery until payment of the Price or

alternatively the Seller may cancel the order or terminate the Contract, without recourse by the Buyer.

8.7 Notwithstanding any agreement to the contrary, payment will be due immediately and the Seller shall be entitled to cancel all outstanding stems and/or withhold future deliveries in case of:

- (i) bankruptcy, liquidation or suspension of payment or comparable situation of the Buyer,
- (ii) arrest of assets of the Buyer including, but not limited to, the Vessel
- (iii) liquidation/bankruptcy or any other changed financial or legal position of the parent company, sister companies or affiliated companies to the Buyer which in the sole discretion of the Seller is deemed to adversely affect the financial position of the Buyer
- (iv) if the Buyer fails to pay any invoice to the Seller at the time of maturity set forth in such invoice,
- (v) if the Buyer fails to comply with any other obligation pursuant to the Contract, including, but not limited to, the Buyer's failure to take delivery of Bunker Fuels in full or in part, or
- (vi) in case of any other situation, which in the sole discretion of the Seller is deemed to adversely affect the Seller's assessment of the financial position of the Buyer.

In any of the foregoing situations the Seller shall have the option to either (a) cancel the Contract, (b) to store the Bunker Fuel in full or in part for the Buyer's account and risk, (c) to demand that the Buyer complies with its obligations pursuant to the Contract or (d) to make use of any other remedy available under the law.

8.8 Where the Seller has extended any kind of credit facility to a group of companies or associated companies, default by any one relevant Buyer in respect of any invoice of the Seller shall give the right to the Seller to cancel all credit arrangements of the entire group or of the associated companies.

8.9 Seller may from time to time without need for prior consent of Buyer, assign any of its rights under the Contract to any third party and the assignee shall enjoy and be entitled to exercise against Buyer any and all rights herein conferred upon Seller.

8.10 If at any time an amount is payable by Buyer to Seller, such amount may at the sole discretion of Seller be fully or partially paid by set-off against any amounts payable to Buyer by Seller and any Affiliate of Seller.

8.11 The Buyer shall provide the Seller with no less than seven (7) days' prior notice in writing before making payment from an account belonging to a party that is not the Buyer. Under such circumstances, for verification purposes the Seller shall require the Buyer to provide details and relevant supporting documentation on the payor's full name, country of incorporation, registered address, line of business, relationship with the Buyer, and the reason why payment is being made on behalf of the Buyer. In the event that the Seller is unable to verify the payment and/or payor to its satisfaction, the Seller shall be entitled in its discretion to reject such payment and require the Buyer to make another payment from another duly verified account and/or payor.

ARTICLE 9 ARREST OF VESSEL

9.1 It is agreed and acknowledged that a lien over the Vessel is created for the price of the Bunker Fuel supplied together with any interest accrued. The Buyer if not the owner of the Vessel expressly warrants that it has full authority of the Agent/traders/owners/managers/operators/charterers to pledge the Vessel in favour of the Seller and that the Buyer has given notice of the provisions of this Contract to the owners of the Vessel. The Seller shall not be bound by any attempt by any person to restrict, limit or prohibit its lien(s) attaching to a Vessel.

9.2 The laws of the United States, including but not limited to the Commercial Instruments and Maritime Lien Act, shall always apply with respect to the existence of a maritime lien, regardless of the country in which the Seller takes legal action. The Seller shall be entitled to assert its rights of lien or attachment or other rights, whether in law, in equity, or otherwise, in any jurisdiction where the Vessel may be found.

9.3 Any notice or any stamp in the bunker delivery receipt or similar shall be invalid and cannot waive the Seller's maritime lien on the Vessel unless the Buyer has notified the Seller of its intention to exclude the liability of the Vessel at least 12 hours in advance of the supply by sending written notice to legaldept@kpiocean.com. Notification to the physical supplier of Bunker Fuel (or their agents, employees, or representatives) shall have no effect to waive the Seller's maritime lien on the Vessel as the Seller is unable to take immediate reaction to halt a supply in case the Vessel intends to exclude its

liability for a supply or otherwise attempts to vary the agreement. Both parties acknowledge that any stamps inserted in the bunker delivery receipt after the supply of Bunker Fuel has taken place can in no event affect the liability of Buyer and the Vessel.

ARTICLE 10 CLAIMS

- 10.1** The quantity of Bunker Fuel delivered shall be determined in accordance with Article 5.1. Any claim regarding the quantity of the Bunker Fuel delivered shall be notified by telephone as well as in writing by the Buyer or the master of the Vessel to the Seller immediately when the dispute occurs and while the delivery hoses are still connected. In the event immediate verbal as well as written notice is not made, such claim shall be deemed to be waived and barred. A notification inserted in the bunker delivery note or in a separate protest handed to the physical supplier of Bunker Fuel shall not qualify as notice under this section 10.1 and the Seller shall under no circumstances be deemed to have accepted such notice or protest handed to the physical supplier.
- 10.2** Any claim regarding the quality of the Bunker Fuel delivered shall be presented in writing to the Seller as soon as an alleged quality problem has occurred or the Buyer is notified of any alleged problem and in any event no later than within 14 days from the date of delivery to the Vessel. Should the Buyer fail to make timely notification of any claim regarding the quality of the Bunker Fuel the claim shall be deemed waived and barred.
- 10.3** A written claim for the purposes of Articles 10.1 and 10.2 must provide a complete and comprehensive explanation of the circumstances and basis of the claim, including where applicable the quantities short and/or the discrepancies in quality, and include a full test report for a test performed on one of the official samples mentioned in the bunker delivery note performed by an independent laboratory along with copies of all correspondence with the independent laboratory and include copies of all supporting documents including the vessel's logs evidencing the matters complained of.
- 10.4** To the extent that the Buyer's test report evidence that the components detected are within the allowed tolerances in respect of reproducibility or repeatability as set out in ISO 4259, the Bunker Fuel shall be deemed to be compliant and the Buyer cannot require further testing of the Bunker Fuel.
- 10.5** In the event of any claim presented in accordance with Section 10.1, and 10.3 and 10.4, the Buyer shall:
- (i) Cooperate with the Seller and make all necessary arrangements for the Seller or its representatives to investigate such claim, including but not limited to the boarding and inspection of the Vessel, the interviewing of crew and the review and copying of Vessel documents.
 - (ii) Take all reasonable steps and actions to mitigate any damages, losses, costs and expenses related to any claim of alleged off-specification or defective Bunker Fuel. If the Bunker Fuel deviates from specifications, the Buyer shall use all reasonable endeavours to mitigate the consequences hereof and shall burn the Bunker Fuel if possible even if this requires employment of purification tools or other similar measures.
 - (iii) Take all reasonable steps to preserve the Seller's recourse against the physical supplier of Bunker Fuel or any culpable third party.
- 10.6** A breach by the Buyer of any part of Article 10.5 above will entitle the Seller to set off losses caused by the breach against any liability to the Buyer.
- 10.7** Any claims against the Seller in respect of this contract shall be brought before the relevant court or arbitral tribunal in accordance with Article 19/20 within 6 months of the date of delivery of the Bunker Fuel, failing which such claims shall be deemed absolutely waived and time barred.
- 10.8** Buyer's submission of any claim does not relieve it of responsibility to make full payments as required under Article 8 and Buyer shall not be entitled to set off any claim from payment.
- 10.9** In the event that the Buyer has made a valid claim regarding the quality of the product, which cannot be mitigated in accordance with 10.5, the Seller shall have the option to debunker the product and perform redelivery of on-spec product in accordance with the terms of the Contract.

ARTICLE 11 LIABILITY

- 11.1** The Seller's liability for any claim whatsoever, however arising under a Contract whether caused by negligence or not, whether based in tort or contract and including claims or pollution shall be limited to the value of the Bunkers Fuel as set out in the invoice.

- 11.2** The Seller shall under no circumstances be liable for any consequential losses whatsoever, whether direct or indirect and whether or not foreseeable at the time of formation, including, without limitation, cost and losses from delay, detention, demurrage, charter hire, loss of freight, crew wages, pilotage, towage, port charges, or any loss of profits or any increased cost or expenses for obtaining replacement fuel. - 11.4** The Buyer undertakes to indemnify the Seller against any claims, losses, costs, fines penalties, damage or liability of whatever kind related to the Contract instituted by third parties against the Seller to the extent such claims exceed the Seller's liability towards the Buyer according to section 11.1.
- 11.5** Any damage caused by contact or collision shall be dealt with by the Buyer directly with the owners of the supply barge. The Seller shall not be held liable for any such damages and the Buyer shall indemnify the Seller against any claims made against the Seller arising out of such incident.

ARTICLE 12 TAXES

- 12.1** The Buyer shall be responsible for and shall pay and/or indemnify the Seller and is sub-contractors for any and all federal, state and local taxes, including but not limited to any VAT, sales taxes, GST, energy tax, motor fuel tax, withholding tax, import/export duties, and any other taxes, duties, fees levies or penalties (excluding corporate income tax) (hereinafter "Taxes") paid or incurred directly or indirectly in connection with the performance of the Contract. Seller reserves the right, upon notification to Buyer, to adjust the Price after the date of the Bunker Confirmation to reflect any liability related to Taxes not included in the Bunker Confirmation if necessary by raising an additional or revised invoice.
- 12.2** Buyer shall provide to Seller any documentation, including, but not limited to, registrations, exemptions, certifications, claims, refunds, declarations or otherwise, in a form and format, and on or before whatever due date which Seller shall require in dealing with authorities in connection with any Taxes. Further, Buyer shall indemnify and hold Seller harmless for any damages, claims, liability or expense Seller may incur due to Buyer's failure to comply these tax provisions. - 13.1** The Seller shall not be liable for any loss or damage of whatever nature resulting from any delay or failure in performance under the Contract:
- (i) caused by any circumstance beyond the Seller's direct control, or

- 13.2** In the event of a failure of performance as provided in Section 13.1, the Seller may, but is under no obligation, to source, procure or obtain alternative Bunker Fuel or product, and in such case the Seller shall be entitled to receive from the Buyer payment of any additional costs of performance.

- 14.2** If the supply is delayed by the Buyer for whatever reason or the Vessel fails to leave the Place of Supply immediately, the Buyer shall indemnify the Seller for any consequent loss or damage suffered by the Seller including losses arising due to the delay in the supply of other vessels.

ARTICLE 15 COLLECTION AND INDEMNITY
